AI Advocate is launching a UK consumer + B2B legal-technology platform at aiadvocate.co.uk. The first 20 partner firms onboarded during the pre-launch cohort are designated **Founding Firms** and receive the lifetime benefits set out below in recognition of their early support.

1. FOUNDING FIRM BENEFITS

- **Founding £199/month rate, lock-in survival** — the Firm is granted the Premium tier at £199 per month. If AI Advocate raises the public Premium rate above £199 at any point during the Firm's continuous subscription, the Firm's rate stays at £199 (or the then-current Premium rate, whichever is lower) for the duration of that continuous subscription. Subject to clause 3.4.
- **90-day free trial** — the first 90 days are entirely complimentary. No card required. The Firm may cancel at any time during this period with no obligation.
- **Founding Firm badge** — displayed on the Firm's directory listing while the Firm remains an active Founding Firm subscriber, signalling early-partner status to all AI Advocate users.
- **Ranking boost** — the Firm's listing receives priority placement in the postcode and specialism searches relevant to its practice.
- **App Store launch marketing** — subject to App Store approval and successful platform launch, the Firm is featured in screenshots and promotional collateral for the AI Advocate iOS / Android release within 12 months of agreement signing.
- **Enhanced revenue-share on direct referrals** — when an AI Advocate user instructs the Firm via the platform and the Firm receives a fee from that user, the Firm retains **70%** of the fee and remits **30%** to AI Advocate as referral commission. This Founding Firm split is locked for the lifetime of the Firm's continuous subscription. AI Advocate's standard (non-Founding) referral commission rate shall not exceed **35%** for a minimum of 24 months from public launch.
- **Two-way Lex integration** — clients may share their full AI Advocate chat history with the Firm upon engagement, dramatically reducing initial consultation time.
- **Quarterly roadmap input** — a 30-minute call each quarter with the AI Advocate product team. The Firm's feedback is logged and influences roadmap priorities (non-binding but materially considered).
- **Direct success-manager contact** — a named contact at AI Advocate for any service issues; target response within 24 working hours, Monday–Friday.

2. THE FIRM'S COMMITMENTS

- Maintain a complete firm profile (logo, specialties, opening hours, photo) within the AI Advocate Firm Portal.
- Respond to qualified client invites received via AI Advocate within **48 working hours**.
- Provide a 1–2 sentence testimonial after 60 days of the trial, if it is working for the Firm. The Firm reserves the right to decline if the trial is unsatisfactory; AI Advocate may publish the testimonial in marketing collateral with the Firm's name and logo, subject to the Firm's prior approval.

- Operate in accordance with the regulatory rules applicable to the Firm (SRA / LSS / LSNI). All SRA / LSS / LSNI numbers will be verified by AI Advocate at onboarding.
- Notify AI Advocate within 5 working days of any material change to the Firm's regulatory status (e.g. SRA intervention, name change, merger).

3. TERM AND TERMINATION

- 3.1 **Initial term** — 12 months from the date of the first paid month (i.e. after the 90-day trial). Auto-renews monthly thereafter unless terminated.
- 3.2 **Cancellation** — the Firm may cancel at any time with 30 days' written notice, no fees, no penalty. If cancelled, the Firm's £199 rate is forfeit; re-onboarding would be at then-current public pricing.
- 3.3 **Termination by AI Advocate** — only for cause (loss of regulatory authorisation, material breach of these terms, or 60+ days of unanswered client invites). 30 days' notice and cure period.
- 3.4 **£199 rate survival** — provided the Firm has not cancelled or been terminated for cause, the £199 rate remains in force during the Firm's continuous subscription. This commitment is binding on AI Advocate Ltd. (Company No. 16612244). In the event of a sale, merger, or change of control of AI Advocate, the acquirer or successor entity shall be required to honour the Founding Firm rate for the remainder of the Firm's then-current annual term.

4. NON-ADVICE POSITIONING

- 4.1 The AI Advocate consumer-facing service provides general legal *information* only and not advice. AI Advocate is not a regulated provider of legal services in the United Kingdom under the Legal Services Act 2007.
- 4.2 Once a user engages the Firm via the AI Advocate platform, the regulated solicitor-client relationship exists solely between the user and the Firm. AI Advocate is not a party to that engagement.
- 4.3 The Firm bears full professional responsibility for any advice or representation provided to users referred via the AI Advocate platform. AI Advocate's liability is capped at three months of fees paid by the Firm.

5. DATA PROTECTION

Both parties act as separate data controllers in respect of their own operations. Where the Firm processes personal data of users introduced via AI Advocate, the Firm is the data controller in respect of that processing. AI Advocate's Privacy Policy (aiadvocate.co.uk/privacy) and ICO registration (ZC158457) govern its own data handling. Both parties commit to UK GDPR compliance and to notify each other of any data incident affecting jointly-introduced users within 72 hours.
